Melissa Sienicki is a beautiful 28 year old actress, high school youth minister and customer service rep for an internet company. Melissa has been battling **Ehlers Danlos Syndrome** since her diagnosis in 2012.

Currently she is mostly home-bound due to seizure-like episodes with horrible pain triggered by any vibration. Riding in a car, music, laptop sound, will cause these painful episodes. She has found a neurosurgeon who will to perform upwards of 4 different surgical procedures on her brain. However, he is in New York and wants her there in December. Travel is excruciating.

Air ambulance is her only option and that has a cost of \$15,000. She also knows that this will fix the brain part of her illness, but not all of the rest of the EDS symptoms which may be made worse by this major surgery--so she is still trying to decide whether or not to go forward measuring...pain...cost...outcome. Even without the brain surgery, the EDS medical expenses still exist.

Please bring this flyer to Culver's on Dec 9, 2014

Then, enjoy your meal knowing it will help Melissa with her medical expenses.

If you cannot attend, but want to help you can donate in two ways.

Donate online at www.GoFundMe.com/Melissa_Sienicki or drop a check off to any **First Midwest Bank Branch** and make the check payable to *Melissa A. Sienicki Benefit Account.*

PLEASE HELP MELISSA AND SPREAD THE WORD!
