## TESTIMONIALS

Kwik Kopy has been the Junior League of Denver's printer of choice since 2005. As a nonprofit, we have unique needs. Greg and his team continually provide us with the latest innovative solutions, competitive pricing, superior product, prompt turn around and unparalleled customer service. If you are looking for a long-term printing partner, please look no further than Kwik Kopy.

*Vanessa Banker, Marketing & Development Coordinator*

First of all, they should change their name to "Kwik Kopy and More". Chris and the rest of the staff have gone way beyond printing in seeing to our needs. When the business was sold in 2006 we were a little nervous, the previous owner had always done such a nice job and pricing was great. But Greg's staff has far exceeded the service we received by the previous owner. They have always gone out of their way to meet all our printing needs from business cards to last minute fliers we hand out in our stores and clinics. We don't have to design the fliers to be printed, they take care of that for us as well, including finding the digital images we need. Their service and pricing have kept us, and will continue to keep us as loyal customers.

*Joann Dillow, Walgreens District Office*

## LETTER FROM THE OWNER

For over 25 years all types of companies have relied on Kwik Kopy employees to be their "go to person" for printed media. The Kwik Kopy facility in Denver is one of over 700 independently owned printing and copying centers in 9 countries. Being part of an organization that size allows us to receive great prices from all the major printed media suppliers and pass those low costs on to you. Our employees are professional print specialists and work closely with customers to ensure everything they need is correctly designed and produced. They can design custom programs uniquely tailored to increase your productivity and decrease your costs. Give us a call and find out the value of adding a professional print and copy specialist to your team.

*Gregory H. Irwin*
